

Addition of a Remove All Button and an Add All Button to the Resource Selection in Schedule V2

The screenshot shows a "Select Resources" dialog box. On the left, there is a list of resources under two categories: "Physical Therapist Assistant" and "Physical Therapist". Each resource has a checkbox next to it. Some checkboxes are checked (Barry Allen, Oliver Queen, Ben Webinar 3). A blue button with the text "+ ADD ALL" is highlighted with a red rectangle. On the right, there is a "Drag to Sort" section with a list of resources: Barry Allen, Slade Wilson, Oliver Queen, Ben Webinar 3, and Bill Aide. Each resource has a small "X" button next to it. In the top right corner of the dialog, there is a "Clear All" button. In the bottom right corner, there is a "CLOSE" button.

There is now an option in Schedule V2, that will allow you to "Add All" providers or "Clear All" resources from your schedule view quickly. Once in the Select Resources view, you will see these new options. This only affects Schedule V2, not V1.

In the above screenshot, you will see the new blue button that allows you to select all resources with a single click. This will automatically add all to the current view.

In the below screenshot, you will see the Clear All button in the upper right corner, that will remove all resources from the current view.
